In our continuing efforts to provide quality dental services in a timely and affordable manner, we are finding it necessary to have a broken appointment policy. By instituting the policy we will void overbooking our schedule to accommodate the amount of patients who fail or cancel their appointments at the last minute. This policy should reduce long waits in the office.

Confirming appointments is done as a courtesy to our patients and we will try to make every effort to contact each patient the day before a scheduled appointment. An appointment is considered broken for one or more of the following reasons:

1. Failure to show up for a scheduled appointment.
2. Canceling an appointment without giving at least 48 hours notice.
3. Showing up more than 15 minutes late for an appointment.
 - Patients who show a pattern of being 5 - 10 minutes late more than twice may have their appointment considered broken.

The broken appointment fee is \$75 per hour per patient. Managed care plans such as: Delta Care, United, Cigna and Smart Smile have their own broken appointment fees (which are set by their insurance). The broken appointment fee must be paid in cash before we will re-schedule you.

By signing the agreement I understand the policy as defined above and agree to abide by it.

Avenue Smiles

2001 8th Ave, Suite 130, Seattle 98121
206-552-0201, Fax 206-902-2291
info@avenuesmiles.com

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We respect our legal obligation to keep health information that identifies you private. We are obligated by law to give you notice of our privacy practices. This Notice describes how we protect your health information and what rights you have regarding it.

TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS

The most common reason why we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; examining your teeth; prescribing medications and faxing them to be filled; referring you to another doctor or clinic for other health care or services; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or dental care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" mean those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance; personnel decisions; participation in managed care plans; defense of legal matters; business planning; and outside storage of our records.

We routinely use your health information inside our office for these purposes without any special permission. If we need to disclose your health information outside of our office for these reasons, we will ask you for special written permission.

USES AND DISCLOSURES FOR OTHER REASONS WITHOUT PERMISSION

In some limited situations, the law allows or requires us to use or disclose your health information without your permission. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- when a state or federal law mandates that certain health information be reported for a specific purpose;
- for public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the federal Food and Drug Administration regarding drugs or medical devices;
- disclosures to governmental authorities about victims of suspected abuse, neglect or domestic violence;
- uses and disclosures for health oversight activities, such as for the licensing of doctors; for audits by Medicare or Medicaid; or for investigation of possible violations of health care laws;
- disclosures for judicial and administrative proceedings, such as in response to subpoenas or orders of courts or administrative agencies;

uses or disclosures for specialized government functions, such as for the protection of the president or high ranking government officials; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;

disclosures of de-identified information;

disclosures relating to worker's compensation programs;

disclosures of a "limited data set" for research, public health, or health care operations;

incidental disclosures that are an unavoidable by-product of permitted uses or disclosures;

Unless you object, we will also share relevant information about your care with your family or friends who are helping you with your dental care.

APPOINTMENT REMINDERS

We may call or write to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call or write to notify you of other treatments or services available at our office that might help you. Unless you tell us otherwise, we will mail you an appointment reminder on a post card, and/or leave you a reminder message on your home answering machine or with someone who answers your phone if you are not home.

OTHER USES AND DISCLOSURES

We will not make any other uses or disclosures of your health information unless you sign a written "authorization form." The content of an "authorization form" is determined by federal law. Sometimes, we may initiate the authorization process if the use or disclosure is our idea. Sometimes, you may initiate the process if it's your idea for us to send your information to someone else. Typically, in this situation you will give us a properly completed authorization form, or you can use one of ours. If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization, we cannot make the use or disclosure. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it. Revocations must be in writing. Send them to the office contact person named at the beginning of this Notice.

YOUR RIGHTS REGARDING YOUR HEALTH INFORMATION

The law gives you many rights regarding your health information. You can:

To ask for a restriction, send a written request to the office contact person at the address, fax or E Mail shown at the beginning of this Notice.

If you want to ask for confidential communications, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
- ask to see or to get photocopies of your health information. By law, there are a few limited situations in which we can refuse to permit access or copying. You may have to pay for photocopies in advance. If we deny your request, we will send you a written explanation, and instructions about how to get an

impartial review of our denial if one is legally available. By law, we can have one 30 day extension of the time for us to give you access or photocopies if we send you a written notice of the extension. If you want to review or get photocopies of your health information, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.

ask us to amend your health information if you think that it is incorrect or incomplete. If we agree, we will amend the information within 60 days from when you ask us. We will send the corrected information to persons who we know got the wrong information, and others that you specify. If we do not agree, you can write a statement of your position, and we will include it with your health information along with any rebuttal statement that we may write. Once your statement of position and/or our rebuttal is included in your health information, we will send it along whenever we make a permitted disclosure of your health information. By law, we can have one 30 day extension of time to consider a request for amendment if we notify you in writing of the extension. If you want to ask us to amend your health information, send a written request, including your reasons for the amendment, to the office contact person at the address, fax or E mail shown at the beginning of this Notice.

get a list of the disclosures that we have made of your health information within the past six years (or a shorter period if you want). By law, the list will not include: disclosures for purposes of treatment, payment or health care operations; disclosures with your authorization; incidental disclosures; disclosures required by law; and some other limited disclosures. You are entitled to one such list per year without charge. If you want more frequent lists, you will have to pay for them in advance. We will usually respond to your request within 60 days of receiving it, but by law we can have one 30 day extension of time if we notify you of the extension in writing. If you want a list, send a written request to the office contact person at the address, fax or E mail shown at the beginning of this Notice.
